## Additional terms for your account

### 1. Account held in trust

- 1.1 The account can be transferred into the child's name from the age of 7 at the request of the adult trustee. This will remove the adult's name from the account and only the child can then give instructions on the account.
- 1.2 If a trustee dies or lacks mental capacity, the operation of the account can either be:
  - transferred to a new trustee (aged 18 years or over); or
  - transferred into the child's name. The child must be aged 7 years or over, and an adult must consent to the transfer. The adult trustee's name will be removed from the account.
  - A copy of the Savings Account Terms and the Information Sheet will be provided to the new trustee or child.
- 1.3 If you are an adult trustee and your address is not in Scotland, you can open and hold an account in trust for a child up until they are 18 years old.
- 1.4 When the child is 16 years old (if your address is in Scotland), or 18 years old (if your address is elsewhere) the child is legally entitled to the money in the account. At that age, you should make your own arrangements to transfer the account into the child's name so they can access the money.

### 2. Account held in the child's name

When you are 16 years old, your account will be changed to an Instant Saver Account. At least 60 days before this happens, we will let you know about the change and provide you with up to date copies of the Savings Account Terms and the Information Sheet for the Instant Saver Account.

	£25,000 – £999,999	0.20%

When you include an Instant Access Savings Account in our Offset Service, the money in your account (and any offset current account) is offset against your Offset Flexible Mortgage balance and is used to reduce the interest paid on your mortgage. You will only start to receive interest on any money in your Instant Access Savings Account when your offset savings (and any offset current account) balance is more than your Offset Flexible Mortgage balance. Any interest payable will be calculated daily and paid monthly.

For more details on how interest is calculated and paid within an Offset arrangement please see Term 5 of Part A of the RBS Personal Offset Terms and Conditions.

If you remove your Instant Access Savings Account from the Offset arrangement interest will be calculated daily and paid annually on the first business day in May and at account closure.

You'll be able to see and access the interest in your account on the following day.

**Can RBS change the interest rate?** Yes, these rates are variable. What is the interest rate?

	Balance grows by less than £50 a month: regular saving condition is not met	Balance grows by at least £50 a month: regular saving condition is met
<b>Balance</b>	<b>AER/Gross p.a. (variable)</b>	<b>AER/Gross p.a. (variable)</b>
£1 – £10,000	0.00%	0.25%
Over £10,000	0.00%	0.01%

Earn 0.25% interest on your first £10,000. And 0.01% on any amount over £10,000 in your account.

To earn interest, make sure you grow your balance by £50 or more by the second last business day of each month. If you don't manage this in a particular month, you won't earn interest that month. We suggest any regular payments are received into the account by the 25th of each month to reduce any chance of not qualifying for interest. Interest is calculated on a daily basis and paid into your account on the first business day of the month. You'll be able to see and access the interest in your account on the following day.

Can RBS change the interest rate?

Yes, we may change the rate up or down. There are a few reasons for this, such as a change in the Bank of England base rate. You can find a full list of reasons for an interest rate change in section 9.2 of the Savings Account Terms.

We'll give you at least 14 days' notice if the rates are going down and your balance is £100 or more. Otherwise we'll tell you before or shortly after the change. You can find more details about how we'd tell you about a change in section 9.2 of the Savings Account Terms.

### Charges for using your cash card

Sometimes we'll charge you fees for using your cash card to access your money. We've explained these fees and when they'll be charged below, but this doesn't include any fees a third party might charge you (for example, a cash machine fee):

Transaction type	Charges
Withdrawing foreign currency from a cash machine in the UK.	<b>Non-Sterling Transaction Fee</b> of 2.75% of the value of the transaction.
Cash withdrawals from a cash machine outside the UK.	

Where a fee is shown as a percentage, this means a percentage of the value of the transaction in pounds Sterling.

We'll convert any payment made in a foreign currency using your cash card into pounds sterling using the Visa Payment Scheme Exchange Rate. If you'd like to see the most up-to-date exchange rates you can visit [visaeurope.com](https://www.visaeurope.com) and click on the cardholders section.

If you'd like to view our currency conversion charge with reference to the daily rate which is issued by the European Central Bank, you can visit [rbs.co.uk/usingmycardabroad](https://www.rbs.co.uk/usingmycardabroad).

The figures displayed on that page change daily and are simply to help you compare our fees with other banks across Europe.
